

1st February 2018

Dear Parent / Carer

Proposed Removal/Amendments to Transport Assistance

The local authority is undertaking a countywide consultation relating to local bus transport services in North Yorkshire. The link to the web page which will host the consultation is www.northyorks.gov.uk/home-school-transport-including-children-and-young-people-send

Please find below a table showing public events which are to be held for parents to attend to express their views.

The consultation will run until 2nd April 2018. Some parents may wish to participate in the consultation whilst others will need to be aware of the plans so that they can check it does not impact on their own circumstances.

The proposals affect Parental Transport Allowance for all school aged children and post 16 students who are at present eligible for transport assistance.

Yours sincerely

Mr A Galbraith
Headteacher
