

KRASH LABS

We are pleased to announce that we are running some FREE special Krash Labs After School sessions over the coming year as part of the North Yorkshire Coast Opportunity Area Programme.

These are sessions designed for children and young people with Special Educational Needs, disabilities and impairments aged 6 - 16 who often struggle with attending other extra-curricular activities. We will be holding these sessions over 30 weeks in three locations in Scarborough, Whitby and Filey.

Krash Labs offers a unique environment for children to interact and socialise around computers and technology, Please note that our sessions involve PC's, so the participants must be comfortable with using a mouse and keyboard.

Places are limited at each venue so please fill in the form below if you would like to apply for a place. We will be offering spaces on a termly basis. We will contact you asap if you have received a place for this term, else you will be placed on a waiting list for future sessions.

If you have any questions regarding the sessions, please contact us at info@krashlabs.co.uk or 01723 350984

.....

Please return either by post: Krash Labs, YMCA, Scarborough, Yo11 1DY or email: info@krashlabs.co.uk
