

## Parent pre-admission procedure

This form must be completed before your child can return to school in June.

If your child becomes unwell, we will isolate them safely and contact you for immediate collection. Note, this is general guidance only and schools will advise you directly of their specific procedures. Should your child have an allergy which means they cough regularly, unfortunately they will not be allowed in school while the coughing persists.

	Yes	No
<b>BEFORE SCHOOL</b>		
My child and any members of my family are not displaying any symptoms of Covid-19.		
My child has bathed or showered thoroughly before coming onto the school site.		
My child is wearing clean clothes which are comfortable, appropriate to changes in weather and suitable for a range of indoor and outdoor activities. As necessary I will apply sun protection at home and provide sunglasses and a hat.		
My child has a clean water bottle which will be brought in and taken home at the end of the school day. I take responsibility for our water bottle to be cleaned on a daily basis.		
My child has a pack-up for lunch, labelled with their name. I will also provide any cutlery needed (eg. spoon for yoghurt). Note: some schools may provide different lunch arrangements.		
If my child is to be absent, for whatever reason, I will inform the school.		
I accept it may be necessary for the school to take my child's temperature		
<b>ARRIVAL AT SCHOOL</b>		
I will ensure my child checks in with their 'bubble' teacher and complete the verbal check at handover (see below).		
My child will enter school through the designated entrance, which may be temporary and will be suitably signposted. (I will not come into the school building).		
My child will follow the one way system around school (as applicable).		
<b>PICK-UP FROM SCHOOL</b>		
If necessary, I will collect on time from the designated area, acknowledging that pick-up times, like drop off times, may change. I will keep 2m apart from any other person while on school premises.		
I will follow, as necessary and in accordance to signage, any one way system used by the school.		
I will collect my child from the 'bubble' teacher and check they have their pack-up container and water bottle.		

Has your child or any family member any symptoms? Have you carried out a temperature check?

Has your child bathed or showered and is wearing clean clothing today?

Does your child have a clean, full water bottle and clean pack-up container?

By signing this form I confirm the information I have provided is accurate and correct to the best of my knowledge. I accept I have the responsibility as parent/carer that if my child presents with symptoms, to disclose this to the school immediately. I will follow government guidance around isolation periods. I am aware that I am entitled to have my child tested. I understand if I choose not disclose the outcome of the test, my child will be required to isolate for the full period. I acknowledge the school retains the right to send my child home if they are presenting with symptoms.

Name of parent/carer (capitals).....

Name of child..... Year group of child.....

Signature of parent..... Date.....
