In welcoming pupils in to school, it is critical that safety and wellbeing is at the forefront of all of our thinking. The guidance and actions for schools during the Coronavirus outbreak can be found here:

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak>

This document has been designed to:

Identify sources of risk

Provide detail on what measures to be put in place in order to mitigate that risk

Assess what can be done to mitigate the risk

Having put the measures in place, to reflect on and score any residual risk

In putting the leaflet together, we have taken on board a wide range of new guidance which recognises the challenges of having all children back in one building.

The assessment has been developed around the 9 systems of control around prevention and control:

Prevention:

- ① minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school
- ② clean hands thoroughly more often than usual
- ③ ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
- ④ introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach
- ⑤ minimise contact between individuals and maintain social distancing wherever possible
- ⑥ where necessary, wear appropriate personal protective equipment (PPE)

Numbers 1 to 4 must be in place in all schools, all the time.

Number 5 must be carefully considered, and schools must put in place measures that suit their particular circumstances.

Number 6 applies in specific circumstances.

Response to any infection:

- ⑦ engage with the NHS Test and Trace process
- ⑧ manage confirmed cases of coronavirus (COVID-19) amongst the school community
- ⑨ contain any outbreak by following local health protection team advice

Numbers 7 to 9 must be followed in every case where they are relevant. In case of a local lockdown the school will follow PHE guidance

Hygiene remains at the centre of the strategy to control transmission; it must remain central to all activities. There is also greater emphasis on wellbeing.

Recognising the logistics of having Bubbles of children, the guidance changes the emphasis from 'doing all that is reasonably possible to maintain distancing' to give 'formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible'.

When conducting this risk assessment, **it is therefore critical** that you can demonstrate that you have given thought to each risk and what is reasonable and possible to do in order to reduce / mitigate it.

We have outlined steps to take in order to reduce or mitigate risks, and ask the risk assessor to consider each one, decide on what action is reasonably possible and state the reason for this decision.

Where it becomes difficult to mitigate or reduce the risk, e.g. lack of cleaning staff; or a measure is not deemed appropriate, you must note your reasoning. CST will then work with you to consider the best course of action which could include:

- a) Transfer the risk e.g. contract a company to clean and manage waste, engage with Department of Public Health
- b) . Accept the risk; this may be where the cost or impact on people is greater than the risk of transmission

Although we have produced this generic document, we recognise that every school is different, and we therefore expect each school to take a rigorous approach to interpreting risks in the context of their schools and to add any additional risks they may identify.

The risk assessment is a critical step in ensuring safety, so you must make sufficient time to ensure this is completed thoroughly and by staff who have been trained in undertaking a risk assessment. If unsure, please contact Andy Roberts for guidance.

When putting the measures in place, there is always going to be a residual level of risk. Having reflected on the preventative measures you will put in place, please score the residual risk in terms of the likelihood of the risk manifesting and the impact.

A discussion with CST has been booked in with each school, to discuss the results and agree a risk score and any support required.

Risks change so you must review risks on an on-going basis and put measures in place to ensure wellbeing and safety, and also check that the measure put in place are working to ensure the controls are:

- effective
- working as planned
- updated appropriately considering any issues identified and changes in public health advice

RISK BEING ASSESSED	PERSONS AT RISK & HOW e.g. employees, pupils, customers, contractors, members of public, other	MEASURES TO REDUCE RISK	HOW YOU WILL IMPLEMENT AND REINFORCE THESE MEASURES. <i>If you propose to accept the risk as you are unable to mitigate it, please note this.</i>	PLEASE DETAIL ANY LIMITATIONS AS A RESULT OF YOUR ENVIRONMENT. <i>If you feel preventative measures are not possible or appropriate, please state this along with your reasons</i>
<p>STAFF WELLBEING</p> <p>https://www.gov.uk/guidance/national-lockdown-stay-at-home</p> <p>https://www.gov.uk/government/publications/safe-working-in-education-childcare-and-childrens-social-care/safe-working-in-education-childcare-and-childrensocial-care-settings-including-the-use-of-personal-protective-equipment-ppe</p> <p>https://www.gov.uk/government/publications/covid-19-guidance-for-the-public-on-mental-health-and-wellbeing/guidance-for-the-public-on-the-mental-health-andwellbeing-aspects-of-coronavirus-covid-19</p>				
Social distancing ①⑤	Staff at risk due to infection from working too closely with others	Control use of facilities to ensure distancing can be maintained, aiming for 2 metres at all times KWGs to be created and to be kept smaller (15-20 students) to allow for social distancing	One-way systems in place Classrooms rearranged where possible Split break & lunch time Limited access to lockers	

		Signage to remind about distancing	Already in place but will need to add one way and no entry signs	
		Ensure staff are aware of procedures	Full session during training day 1 in Sept	
		Encourage engagement with test and trace Covid LF tests available to all staff and students in school each week	Training Day and ongoing	
Social distancing ①③⑤	Unavoidable contact may lead to transmission	PPE guidance provided by CST to be read by all employees, guidance sought where unsure Staff to wear face coverings whilst supervising the KWG if they wish Staff to maintain 2m social distancing and not become a close contact of any student or other member of staff.		
Wellbeing	Pressure on staff due to concerns or workload	Ensure staff are aware of wellbeing support that is available		
		Regular one to ones with staff to discuss wellbeing	To be added to SL/FL/SLT weekly tasks sheets (MBR)	
Allergies may be mistaken for Covid causing concern ③⑥	Anxiety may be caused	Surgical masks available if required	More Stock needed for Sept (LHI/TLA) Stock replenished each week by LHI/LTA	
Lack of staff due to unplanned absence	Inability to continue teaching	Robust plans in place to switch to online learning	Remote Learning now available to all	
HAVING PUT CONTROLS IN PLACE WHAT IS THE RESIDUAL RISK FOR THIS AREA (Potential Impact x Likelihood)	Likelihood		Impact	Score
	2		3	6

AREAS OF CONCERN**New variant means greater threat of transmission. More vigilance needed and social distancing to be maintained****CHILD WELLBEING**<https://www.gov.uk/guidance/supporting-pupils-wellbeing><https://www.gov.uk/education/pupil-wellbeing-behaviour-and-attendance>

Social distancing ①②③⑤	Transmission of virus through close contact	Schools to develop plans for group sizes and maintaining consistent group sizes. KWGs to be kept below 20	KS or year group groups created	
Wellbeing	Children may be anxious with new rules and protocols	Encourage parents to reinforce protocols around distancing and provide information to prepare them for their 'new normal' Staff to reassure children and explain when needed		
		Additional support to be available to work intensely with children in particular at start of term		
		Close monitoring and observation of children to identify any signs of distress	Pastoral Team aware and ready	
HAVING PUT CONTROLS IN PLACE WHAT IS THE RESIDUAL RISK FOR THIS AREA		Likelihood 3	Impact 2	Score 6

AREAS OF CONCERN**Students needing time to adapt to the new **KWG and remote learning** systems and learn the new routines to allow them to feel safe**

Travel to school ①⑤	Virus may spread if too close contact	Minimise number congregating at same times by offering staggered start and end times where appropriate	KS bubble zones created	
		Allocate supervised group collection points	N/A	
		Ensure parents know they cannot come onto site	Reminders to be sent	
		Put in place process for removing face coverings that may be used on arrival at school, ensure the process is known and followed		
		Ensure children over 11 years are aware they must wear a mask on public transport	Only one bus is public transport.	
Social distancing ①③⑤	Virus may spread if too close contact	Designated and marked out parking area for contractors and guests with safe distance	Car parking area at the East gate to be used for contractors (TLA)	
		Number of entrances/exits at site maximised and limited to groups where practical	One-way systems in place	
Transport ①⑤	Pressure on public transport/ road network	Encourage parents and children and young people to walk or cycle to their education setting where possible		

		Measures to prevent use of and crowding on public transport including staggered start and finish times		
		Guidance given to early years Staff on dealing with soiled clothing	N/A	

		Area to change allocated, Bags to put clothing in provided		
Airborne transmission ①③	Virus spread across school	Parents to complete and return allergy declaration form prior to children attending. Information to be securely stored with controlled access and disposed of after a year		
		Health check questions to be asked before a child enters premises. Information to be securely stored with controlled access and disposed of after a year		
Airborne transmission	Potential to infect others	Ensure staff are clear on the need to provide a doctor's note for nonattendance		
Preventing those with specified health conditions from risks arising from attending ①②⑤	Spread of virus to anyone in school	Ensure staff and parents are aware that those with specified medical conditions which make them more vulnerable to COVID-19 should continue to follow Government advice		
Close contact and airborne transmission ①③⑤		Plan in place to ensure distancing can be observed during access and egress of building	One ways systems in place and system now in place for boarding buses.	
Close contact and airborne transmission ①⑤⑥	Reception staff	Staff must operate behind their protected area	Done	

Close contact and airborne transmission ①②③⑤	All staff, guests and contractors	Keep wipes by sign in screen to wipe after every touch / use	TLA/LHI to check stock and order more	
Close contact and airborne transmission ①⑤	Reception staff	Deliveries should be placed outside the door of the school. Delivery to be picked up wearing disposable gloves which are then disposed of along with the container in the school bins	LHI to liaise with all reception staff	
	Reception staff	Implement a booking system for parents and visitors coming into school, limiting the number in at any one time. Log of visits should be retained		
		Ensure parents know they are not allowed to 'turn up' to school without an appointment	Regular text reminders

AREAS OF CONCERN Day 1: Wednesday 9 September – staff on duty will need to quickly establish KS zones				

MOVEMENT AROUND BUILDING	
---------------------------------	--

Virus contracted whilst moving around building through airborne or close contact transmission ①⑤	Staff/Children/Contractors	One-way systems where possible	One-way system done	
		No assemblies unless via hangouts or within class groups	Done	
		Educate staff and children on voice control to prevent the need to shout. Use posters to reinforce	N/A	
		Rotas and systems to avoid contact between groups	Done	
		Pinch points and bottle neck points identified and managed accordingly.	Done but will need monitoring by all SLT	
		Identify where screens would help prevent transmission of virus		
		Signage in place to remind people and daily reminders from line managers	Done	
HAVING PUT CONTROLS IN PLACE WHAT IS THE RESIDUAL RISK FOR THIS AREA(Potential Impact x Likelihood)		Likelihood 2	Impact 3	Score 6

Classroom (Yrs. 3 upwards) Assessing and preventing transmission of virus in the classroom through close contact or surface transmission	Staff/Children potential exposure to virus through close contact or picking it up from surfaces	Classrooms to be organised to maximise distancing	This now includes after school curriculum sessions.	
①②③④⑤		Enter KWG classroom one by one, populating seats front to back to reduce contact where possible	This will need to be context specific to the classroom	
		Arrange seating for children to sit side by side no more than 15 per row where possible	Only where possible	
		Minimise face to face child/teacher time		
		Classroom based resources, such as books and games, should be cleaned regularly, along with all frequently touched surfaces.	Investigating enhanced cleaning routines	
		Resources shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles	Investigating enhanced cleaning routines	
		Windows and doors must be open to be maximise ventilation. Fire doors must remain closed unless fitted with fire alarm activated door closing devices	Training Day 7 September	
		Own equipment only to be used by each child or allocated equipment where possible		
		Mark out areas to reinforce distancing		
		Daily awareness briefings by line managers, posters, manager spot checks	Weekly SL/FL meetings
